## 125PP Scottish Queen 12"

Scottish Queen is an exceptionally unusual and easy design to work with whether quilters prefer to create a twisted ribbon effect, "near" Celtic knots or quite dramatic medallions.

Quarter blocks are sewn in just three 'rows' for fast assembly and then those are rotated into position to create any of the settings shown.

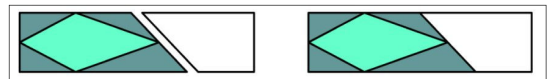

Scottish Queen is fast, fun and quilter friendly as it works exceptionally well with any color combination and in several settings.
